May 23 - Ohio Municipal League Director Kent Scarret made his first visit to Buckeye Lake Village offices and we discussed what's happening in our area and he shared ways OML can help us. One of the big takeaways from this meeting is they have people that can assist us in putting together the right timing and language to make our shift from levy funding to income tax. Summer lunch program planning is coming together well and thank you to all of the Volunteers that have stepped up!
